

PRESS RELEASE:

Five Junior Golfers Awarded Scholarships.

The Bahamas Golf Federation (BGF) has announced that five scholarships have been awarded to deserving junior golfers from the proceeds of its Fred Higgs Memorial Golf Scholarship Fund.

The names of the scholarship recipients are; Eugenie Adderley, Charley Buttler, Alena Hutcheson, Kyle King and D'Andrielle Robinson. Each recipient will receive a \$2,000 scholarship for the year 2009.

Established in 1996, the Scholarship Fund seeks to provide financial assistance for Bahamian junior golfers to continue their education and financial assistance for programs which support junior golf in the Bahamas.

The fund was named as a memorial to Fred Higgs, who was one of the founders of the BGF and served as its President for ten years. Fred was also the founder of the Caribbean Golf Association and served as its founding President.

Since its inception, major funding for the scholarship program has been derived from proceeds of the annual Kerzner International/Fred Higgs golf tournament.

It is the intention of the Scholarship Committee, which is chaired by Rory Higgs, son of the late Fred Higgs, to increase the fund raising efforts so that Bahamian Junior Golfers may benefit from more frequent and substantial scholarships.

The annual Kerzner/Higgs Golf Tournament takes place at the Ocean Club Golf Course on November 8, 2009. All golfers are encouraged to continue their support for this worthy cause.

Pictured below are two proud parents receiving scholarship awards on behalf of their kids.
